MEN, WOMEN & CHILDREN OF ALL AGES, WORRY NO MORE,
BECAUSE, WE GUARANTEE TO REGROW MORE OF YOUR OWN HAIR!

Sam Cohen

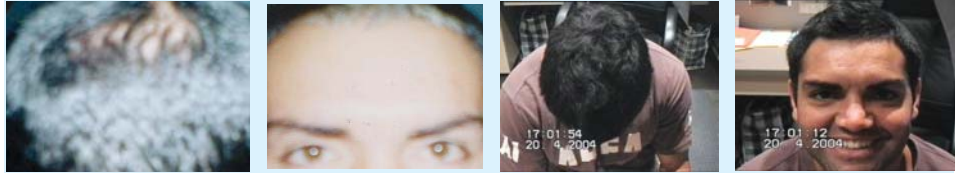

THEREFORE, WHY ACCEPT BALDNESS??? IF WE ARE UNABLE TO REGROW YOUR HAIR, YOU WILL BE TOLD STRAIGHT AWAY.

Here's what our clients had to say:

Dear Sam Cohen

In October 2002, after informing me that I was going 'bald' and even though I myself was noticing it, but too embarrassed to do anything, immediately took your advice. Since embarking on your program, my family, friends and my girl friend are really impressed with the results. I am so happy to have met you and you helping me. I will continue to send my friends to you to help them also. 'Kevin McGuinness'

As a follow up, I am proud to endorse your program and let the world know that, with a little maintenance, after all these years I have kept my re-grown hair to date and would recommend your program to every male or female with 'thinning hair' or 'going bald'. Thanks again. One of your very happy and satisfied customers. 'Kevin McGuinness', February 2013.

All others say, "Try ours, it may help". No 'ifs' or 'buts' with us. We guarantee ours.

Before signing up with other organizations, you should note the following:

- When visiting so called Medical Hair Centers, please ask the consultant if he/she is a doctor?
- Is Mineral Hair Analysis medically approved? To check their authenticity, please do not forget to provide them with 2 sets of 'hair samples' of your own hair with 2 (Two) different names - the results will amaze you.
- You must take home copies of photographs of all the affected areas of your hair & scalp for future comparisons. (Don't let them just keep them on their files)
- You must receive total cost of the program in writing (Ensure that there will be no other hidden charges during the length of the program))
- How many visits and will the visits cost extra?

With our program, you don't even have to visit us for a consultation, if you are unable to do so. Your program can be conducted in the privacy and comfort of your own home. We will send you our extremely informative 'Info Pack' loaded with many before and after photographs, testimonials, prices and various other important relevant information. Just fill in and send us the 'Questionnaire', a few strands of your hair and clear photographs of all the affected areas of your hair and scalp.

If you are interested in 'Hair Regrowth', 'Hair Transplants', 'Hair Implants' or 'Hairpieces', you will certainly benefit by talking to us. We look forward to speak to you soon.

To Sam Cohen (March 28, 02.)

I have tried many 'hair treatments' over the last 3 years. None of them worked. Since using your program over the last 3 months, the improvement has astounded me, others and my doctor of many years.

I recommend Sam's program to anyone who like me thought they were destined for a life of ever increasing 'baldness'. Thank you Sam. Steve James.

June, 2012.

I am extremely delighted to inform you that, after all those years, your program has maintained the re-grown hair. Can't thank you enough Steve James.

January 22, 2013.

I, Bill Rigas, 82 years old, have been and still I am a very satisfied customer of Sam for over 38 years. I am fairly certain that, if Sam did not help me with my 'hair loss', 38 years ago, probably, I would be a 'bald man' by now- thank you very much Sam.

Please do not believe the vilifications and fabrications of some nasty people with an agenda to 'character assassinate' Sam. Over all these years, I should know better. I find him to be very sincere and caring. Most importantly, his program, with his 'intellectual property', works and he delivers more than what he promises.

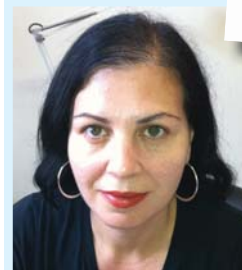

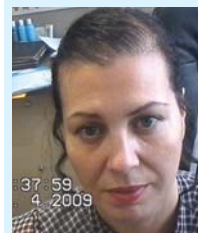

I have recommended many of my friends and relatives and I will not hesitate to recommend any man, women or child with hair loss to Sam's program

Thank you Sam for my youthful appearance and boosting my confidence, even at this age.

Please also note that, I am not being paid for this testimonial or for advertising.

Sincerely,

Bill Rigas

Dear Sam,

I have been stressed and embarrassed about my hair loss, all this time, since 'high school'. I came to you as a last resort and you have changed my life. My dream of growing long hair has been just amazing! My life, my confidence, my outlook has improved 100%. I love my hair.

A BIG THANK YOU and I would recommend you to everybody losing hair- don't wait. Maree 27.10.11
